

1 February 2012

Dear NRWA Member:

As 2012 Automation Federation Chairman, I would like to invite the **Members of the National Rural Water Association** to take part in the **2012 ISA Water/Wastewater and Automatic Controls Symposium (WWAC)**. The symposium will be held 7–9 August 2012 at the Holiday Inn Castle Resort, in Orlando, Florida. This is an opportunity you will want to take advantage of.

The WWAC Symposium will give NRWA members a fresh perspective on water and wastewater processing, water collection, water treatment, along with the latest controls equipment and instrumentation.

Endorsed by the Water and Wastewater Division of ISA, the WWAC Symposium helps professionals in the water and wastewater industry understand how automatic control applications affect processing and distribution of water treatment and provide an outstanding opportunity to gain valuable technical information and training. Here is a brief synopsis of this year's Symposium:

- Two full days of **speakers/presentations**
 - Track 1 – Instrumentation, System Integration, Automation, Plant Case Studies, New Technologies, Optimization
 - Track 2 – SCADA, HMI, Human Factors, Alarm Management
- One full day **ISA Training Course**
- **Plant Tour** of a local Water/Wastewater Facility
- **Exhibit area, Reception, and Networking Event**
- Affordable **Professional Development** for Plant Operations/Maintenance Staff, Plant Managers, Plant Designers, Engineers, and System Integrators
- **CEUs** – Continuing/College Education Units for attending training
- **PDHs** – Professional Development Hours for attending conference sessions

NRWA Members can register for the Symposium using the following Registration Code: WWACN12.

For more information about the WWAC Symposium or to register, visit: <http://isawwsymposium.com/>

I look forward to meeting you there.

Sincerely,

Leo Staples
2012 Automation Federation Chairman
